*Dear friends and colleagues,
It is with great pleasure that we are hosting PGEU annual meeting 2022. Our profession has undergone a significant transformation in the last few years, and it is thanks to the increasing recognition of our vital contribution to patient care and health systems by policy makers and to the great cooperation among our countries within PGEU that many goals have been achieved. It is in this spirit of cooperation that I hope we will continue to work closely together and to achieve new goals. Looking forward to welcoming you in Rome.*

*Dear colleagues,
we are delighted to host the PGEU's Annual Meeting in Rome next June. We met for the last time, in the shadow of the dome of St. Peter's and the Colosseum, in 2013. But much more time seems to have gone, due to the overwhelming events that have affected the whole world. That's why our Annual Meeting is even more significant this year as an opportunity to finally meet again, face to face. And it's great that this is going to happen in the Eternal City, crossroads of peoples and knowledge throughout history. Rome will once again reveal a wonderful scenario for our Meeting, and for artistic and cultural visits that will dot our Social Program. We can't wait to see you in Rome!*
